

Plans Are Being Drawn For Mexia Textile Mill

RICHLAND WITNESSES REAL DRILLING CAMPAIGN

Prominent Mill Man To Head Mill Built In City

J. Sanford Smith states that there was a generous response to the call of the cotton mill committee for the second quota on subscriptions for stock.

Extracts taken from his letter to all stockholders are as follows:

"As plans are now being drawn for the building and contract being entered into for the land on which we expect to build the mill, we trust you will let us have your second installment at once. As soon as the first two full installments are in hand we expect to begin active work toward closing up contracts and etc. preparatory to beginning actual work.

We stated in our last letter that we expected to have associated with us an experienced Cotton Mill man who would have the active management of our mill, we are pleased to advise you that this has been accomplished and Mr. Perry Burrus of the Dallas, McKinney and West cotton mills has consented to take \$25,000.00 of stock with us and not only manage our mill but assist us in its construction and give us such assistance as we may need along all lines.

Mr. Burrus has been in the cotton mill business in Texas for past 11 years as well as being a large stockholder in the Dallas, McKinney and West Cotton Mills he is a large stockholder in four flour mills in the State all of which have proven attractive investments under his management, and he is recognized by all to be very high class and successful business men.

You have only to make some investigation of Mr. Burrus to convince yourself that we have been indeed fortunate in getting him to come into our organization and we feel that under his direction we may feel assured that our mill will have as good management as it is possible for us to command.

Since it is considerable trouble to see each subscriber individually, I trust you will let us have your due installment without delay.

Make your checks payable to Mexia Cotton Mills and mail direct to the Secretary-Treasurer.

Ed Prather, of near Watt, was in the city Friday attending to some business.

MEN AND WOMEN IN NEWS OF THE DAY.

Below: DUCHESSE OF WESTMINSTER, EDNA WALLACE; Below: EDWARD PAYSON WESTON, SIR ADAM BECK.

Edna Wallace Hopper, rejuvenated actress, announced in Los Angeles, that she is soon to marry a British Army officer in China. She declined to give his name, declaring she had "lost a couple that way." Sir Adam Beck, chairman of the Hydro-Electric Power Commission of Ontario, Canada, is leading the attack on the right of Chicago to take so much water from Lake Michigan for the sanitary district of Chicago, said to be an encroachment on the rights of Canada and the State of New York. It is estimated the diverted water causes a loss of 500,000 electric horsepower. The Duchess of Westminster, a wife of England's richest peer, is said to be seeking a divorce in London because her husband refused her permission to use his London palace for a charity ball. Edward Payson Weston, 36-year-old world famous for a clarity of mind, was shot in the leg and seriously beaten by a mob in his pocket, near Kingston, N. Y. Mystery surrounded the attack.

Hughes In Luling Oil Field Looking After Work There

J. K. Hughes, president of the J. K. Hughes Developing Company, is in Luling, looking after the extensive and valuable holdings of his company in that active producing center. The company has several wells in that pool already in and quite a number soon to be added to the production column. Mr. Hughes represented this senatorial district at the Centennial Conference in Austin Wednesday, going from the capital city to Luling. He is expected to return the latter part of the week.

A. W. Bounds was here Wednesday from Mt. Pleasant.

LIONS APPROVE WESTMINSTER DRIVE FOR \$100,000

The Lions club today approved the campaign to raise \$100,000 for development of properties of Westminster College at Tehuacana, seven miles northwest of town. This college is the same distance from Mexia as Southern Methodist University is from Dallas. With more than a hundred students from points outside of this immediate community, this college is a real asset to Mexia, it is pointed out, bringing many thousands of dollars here annually. The campaign for the fund will start in earnest next week, according to Dr. Biggs, president of the college and Rev. O. W. Milburn, financial agent.

The Lions heartily approved the following resolutions:

We hereby express our approval of the plan to raise \$100,000 for Westminster College.

We join with the Commercial Club in commending to the citizens of Mexia the proposal to raise \$10,000 in Mexia, this sum to be distributed over a period of four years, making an annual amount of \$2500.

We bespeak for the Rev. O. W. Milburn a respectful hearing as he presents the needs of the college to the people of Mexia.

Bazette District Loses In Interest

Interest continues in the Gibson No. 1 test of Pickett and Webster at Pecos in the eastern part of Navarro County.

Casing has been set this week and the test will start drilling in early this coming week.

A lease deal has just been reported in that district where D. W. Day sold 98 acres of the E. Powers tract for \$25 per acre.

Generally speaking, interest in the Bazette area, Northeast of the Powell in Navarro is waning, as no developments have resulted there considered very cheering to the hundreds of investors who have given that section the wildest play which any Mexia-Balcones fault area has ever received.

P. O. Adams, of Cameron, was in the city Wednesday.

Felix D. Robertson Speaks In Mexia At High School Auditorium at 8:15 Tonight

Judge Felix D. Robertson of Dallas, candidate for Governor of Texas, arrived this morning in Mexia for the address he will deliver in the interest of his campaign at the High School auditorium at 8:15.

He was a guest at the Lions club at noon. Since the session was largely devoted to business, Judge Robertson spoke only a few words, not referring to his candidacy in any way.

At 1:30 he left for Groesbeck, accompanied by numerous friends here, where he was to speak at 2:30. He had not scheduled an address at Groesbeck at this time, but an insistent demand from supporters there won his response.

He will likely be greeted by a large audience tonight. Judge Robertson is credited with drawing

large crowds wherever he has spoken and the Mexia address will be about the 100th speech made during the present gubernatorial campaign which he opened in the home town of his father, the beloved General Robertson of Waco.

Extra chairs have been provided at the auditorium.

The meeting will be presided over by L. S. Patterson and the speaker will be introduced by Ben B. Hunt.

The coming of Judge Robertson has been heralded by circulars throughout a wide area around Mexia and many out of town voters are expected to be present. Ladies also have been urged to attend. He is the fifth candidate for Governor to appear in Mexia since the opening of the campaign.

CERF NUMBER 5 DRILLS IN ON PRODUCING PROPERTY

The E. L. Smith Cerf No. 5 at Powell started drilling in today, according to information received at the offices here. Both E. L. Smith, president of the company and Blake Smith, vice president, were in the Powell field and in Corsicana Thursday, returning today to local headquarters. The company now has royalty interests, wells and valuable leaseholdings in three fields as well as big blocks of acreage in other counties in wildcat territory. The four producers on the Cerf owned by the company are holding up well, the production of the Powell pool still soaring above the 100,000 barrel daily mark.

Another Product Is Manufactured by Mexia Concern

Not the least of many new industries started in Mexia this year is that undertaken by Tevis Morrow, manager of the Economy Filling station in the manufacture and sale of what is called the "Keep Klean Dust Cloth." It is made at the station at the corner of Main and McKinney Street, each cloth being treated in the laboratories of this company, forming what many declare to be the best thing of its kind on the market. It is serviceable to automobile owners as well as to housekeeper, being very satisfactory in wiping off cars or the finest of furniture, leaving a smooth, glossy effect. Following the use of the cloth, it may be washed and then be as good as new for the next time required. This is one of the best features of the cloth. The company is now manufacturing this product by the gross, supplying orders for out of town use as well as for local sale. Many business concerns here are handling the cloths which are neatly placed on what are termed self selling card board. The business promises quite a growth.

REBUILDING DERRICKS GETS UNDER WAY IN STORM SWEPT GOLDEN LANE OF MEXIA FIELD

The work of rebuilding the storm wrecked derricks in the Mexia field is expected to be under way in full blast early this coming week. Lease men have been busy since the storm Tuesday night clearing away the debris. Over 150 derricks were blown down by the heavy winds which visited the field but which claimed no victims or injuries. One oil field man left a derrick stand and went in the pump house just as the derrick crashed on top of the structure. He finally managed to get out without sustaining any injuries and started down the road when he was chased quite a distance by material loosened and blown by the sightless wind. This is the only incident reported where anyone came near being hurt. The thud of falling derricks was heard by many inmates of oil field houses, creating considerable excitement during the storm which claimed 116 derricks of the Pure Oil Company alone.

Wednesday found company men wiring for rig builders from all points in the Mexia district and from other fields to rush here to help rebuild the derricks.

Many of the pump houses were damaged and the production of the field will be cut considerably this week due to the shutting down of the wells where the derricks are down and where the pumps are damaged. Some are running without derricks.

Many rig builders are arriving hourly and the work is now going on as fast as workmen can be obtained. Local hotels and cafes are enjoying quite a brisk business due to this elemental disturbance.

Mexican Pays Supreme Penalty In Chair Today

HUNTSVILLE, Texas, May 23.—Frantic efforts by attorneys and relatives, who pleaded twice Thursday with Governor Neff to grant a reprieve failed and Frank Cadena, Mexican and ex-soldier paid the supreme penalty for the murder of his pretty sister-in-law, Fabito Jimenez, at San Antonio.

Cadena took his seat in the electric chair shortly after midnight and was pronounced dead at 12:20 o'clock this morning.

The former overseas veteran of the World War, went to his death calmly. He made no statement except to thank prison officials for their kindness while a prisoner in the State penitentiary.

Cadena was electrocuted for shooting his sister-in-law two years ago. Pleas for a reprieve were made yesterday on the ground that he was insanely intoxicated on a native Mexican drink.

MEXIA ELKS TO GO TO HOUSTON MEET

Hampton Steele, oldest son of the last survivor of the fields of San Jacinto, of Thornton, reached here this afternoon to join Frank Bolton, Exalted Ruler of Mexia B. P. O. E. They will leave tonight for Houston for the meeting of Elks there Saturday. Mr. Steele was recently made a life member of the Mexia Elks lodge.

as new for the next time required. This is one of the best features of the cloth. The company is now manufacturing this product by the gross, supplying orders for out of town use as well as for local sale. Many business concerns here are handling the cloths which are neatly placed on what are termed self selling card board. The business promises quite a growth.

48 New Derricks Now Up And Many Rigs Running

48 new derricks are now up in the while No. 5 is a location and No. 6 is new Richland pool, giving that district a derrick.

The lead over all other Balcones-Mexia-fault pools this time in activity and in interest. Trading is reported to be very brisk, with high prices predominating and major companies joining in the scramble for choice position in the promising territory.

The Godley Oil Company's No. 1 is producing 65 barrels of crude of the same gravity as the Mexia Golden Lane; No. 2 has set liner and has a production of 410 barrels; No. 3, elevation 373, is drilling around 2008 feet in chalk at 1892; No. 4 is a derrick and No. 5 of this company is a location.

The Hamill Drilling Company's Brown 1, elevation 326, to 1914, t. l. 2575.

Eslick Moran No. 1, pipe stuck at 2875.

G. I. Moore Hillburn No. 1, drilling at 1820 in broken chalk.

Boyd Webb No. 1 is drilling in today at 2950; No. 2 is drilling; No. 3 is rigging up and No. 4 is rigging up.

McDonald-Brown No. 2, T. D. 2973, int. production 300 barrels, No. 3 has set casing.

The McDonald-Swink No. 2 has set casing, while No. 1 is producing 130 barrels daily. The E. L. Smith Oil Company, owns a valuable 45 acre tract just north of this producer, which will be fully developed pending subsequent results of other prospective activities in that immediate vicinity.

The McDonald Green, elevation 332, has set casing.

The Providence Petroleum Company Swink 1 is running tubing, producing 100 barrels. T. S. 2978 T. D. 2981. The No. 2 of this concern is drilling.

Humble Sheffield 1 is drilling at around 100 feet.

The Derby Oil Company's Sheffield 1 is spudding in.

This active area about 20 miles North of Mexia is being visited daily by scores of oil men who are especially watching the Boyd well which is drilling in today on the Webb tract and which will represent the first producing property of that company should it complete as a producer, while the road between Mexia and the field there is lined with traffic, material being rushed overland from here to participate in the activity and drilling campaign, which so far is the banner event in the life of this section this year.

The daily production of the Mexia oil bearing region is expected to be boosted considerably as well after well in the area joins the list of producers.

The field is also reached from Mexia by rail, the Southern Pacific Line from here extending through Richland reached morning and evening by oil men who are making this place headquarters for their operations.

Before the campaign is ended, it is expected by many that the Powell pool will be connected with the Currie pool through Richland with a line of derricks blackened by the production of wells owned by many companies.

THE WORLD IN TABLOID

DALLAS.—Billie Palmer, auto mechanic, was shot and dangerously wounded when two negroes engaged in a gun battle on the street. Palmer is said to be the son of a Paris, Texas, physician. Part of a buckshot load struck him and also critically wounded one of the negroes. Palmer was a bystander.

HILO, T. H., May 23.—It is believed that Howard Simmons and E. J. Hinna, soldiers, lost their lives in the fiery cauldron of the volcano Kilauea. They have been missing since Saturday, and search was abandoned yesterday. If alive they are probably wandering in search of a native village and have not been able to get in communication with their friends.

WASHINGTON, May 23.—A compromise tax bill was formally laid before the Senate by Senator Smoot, chairman of the Finance Committee, and at his request voting on it deferred until tomorrow. Senators do not believe there will be any serious opposition to the new bill.

WASHINGTON.—President Coolidge was back at his desk today announcing that he was feeling fine. His cold improved with rest and he was hard at work this morning before any of the White House attaches showed up for duty.

WASHINGTON.—A movement was started by progressive republicans and democrats to enter the political field with an independent bi-partisan ticket headed by Senator LaFollette for president and Senator Wheeler, democrat, for vice president. Wheeler has balked temporarily, apparently awaiting the outcome of the democratic convention, but his friends believe he can be persuaded to run. If for any reason LaFollette decides not to head the ticket Wheeler will be offered the place.

BERLIN.—Leaders of the nationalist party declined temporarily to accept the Dawes plan in toto as the basis of the party's participation in the new cabinet. Negotiations between party leaders will continue, however, until Saturday.

WASHINGTON, May 23.—Morris Mayfield of Terrell, Texas, brother of Senator Mayfield, denied before the investigating committee that he contributed to the campaign fund except in small sums given by salesmen employed by him in a wholesale grocery company. The witness said his brother told him that he spent \$9000 in the campaign. Replying to a question about the strength of the Klan in Texas at the time of the election, Mayfield said: "Nearly everybody down there belonged."

ESSEN.—Hope of settling the mine strike and lock out of 600,000 workers in the Ruhr was held out today as new negotiations started here.

PARIS.—Despite a pledge of financial stability of Edouard Herriot, who is succeeding to the premiership with a Government of the Left, the French franc was wobbly at the opening, dropping to 18.17 nearly one franc to the dollar lower than yesterday's official closing.

SUMPTER STREET SCHOOL TO PRESENT EXHIBITION ON SCHOOL LAWN TONIGHT

The friends and patrons of Sumpter Street School are cordially invited to be present tonight at the exhibition of work done by the physical education, English, Art and Music departments of the Sumpter Street School. The program, which is unique and which promises to be a revelation to those witnessing it, will be given on the campus in front of the building on Sumpter Street, where chairs and lights have been arranged for the comfort of those attending, and will start promptly at 8:00 o'clock. Other departments will present their displays Tuesday and Wednesday of the coming week. On those days, these departments will present their exhibits at the Mexia public library from 10 o'clock in the morning until closing time each day.

Hopkins County And Other Counties Of Northeast Texas Witness Drilling Campaign With Tests At Various Stages

The E. L. Smith Oil Company's Pippin 1 in Hopkins County is drilling at 3115 with shale from 2805 to 2865.

In the same county, the G. J. Smith (Skelly) McGowan number 1 is shut down at 3180, in broken time and shale, the test now out of fuel oil.

The Marland Oil company's Coppage number 1 is drilling in broken time at 3084.

Dresby and Lasky's Patterson No. 1 is running down at 3157. In Rains County, the Marland Oil Company's King number 1 is drilling at 2830. The McLaughlin and Jones 1, is shut down at 2850.

We want the news, all the news of all the people, while it is news, and requests the readers to send in or telephone 146 or 361 news items and persons of their friends and acquaintances.

Entered as second-class matter, February 26, 1919, at the Postoffice at Mexia, Texas, under the act of March 3, 1879.

A GOLDEN OPPORTUNITY

The developments of late and the activity now existing at Richland is especially gratifying to Mexia. From this city, in the direction of the bustling center, a splendid highway leads to the county line and on thru Wortham a mile or so. After that it compares favorably with the road north of Richland. If the matter was left to Mexia and to Wortham, the road would be improved all the way to Richland. But as the situation now exists better time may be made with trucks loaded with material from Mexia supply houses to Richland than to that point from any other supply house center. Both Wortham and Mexia are interested in the improvement of the road to the field. There ought to be a way for some agreement to be reached by which results could be accomplished to that end. The Mexia Chamber of Commerce is needed to get on the job. This is another golden opportunity, with a mighty pool of petroleum being opened by hundreds of oil field workmen within an hour's ride from the city limits of this place. Future developments in that direction and bright prospects now ahead urge immediate action. If a field of the same proportions as Richland should be opened in any other direction from Mexia, the citizens would be wild with joy. Why should directions have anything to do with it, when distances are no longer estimated in terms of mileage but are estimated by time, especially when the people have it in their power to handle the subject by attention to road conditions?

CHEERING CONDITIONS PREDOMINATE

The excellent rain which fell here and throughout this section Tuesday night has created a much better spirit among the farmers of this territory. Oats are now being cut, cotton is rising rapidly, corn is looking much better, fruit will soon be ripening, and the situation looks

much better than it did a week ago. All in all, there's no place in the country like Mexia. Visitors in other states, returning here of late, have all spoken in the same way about it, affirming what The News has sought to impress on the public mind for so many years. There is no place like a home in Mexia!

Athenaeum Club Holds Its Last Session Meeting

On Thursday, May 15, Athenaeum Club held its last meeting for the term with a good attendance and a splendid program. Members present declared it to be one of the best meetings of the year and the program was especially interesting. After a short business session including ambitious plans for next year the following program was well rendered:

Jamie Heron's The Measure of a Man.—Virginia Rollins.
One Hundred Years of Athenaeum.—Sudie Hansen.
Kipling's L'Envoi.—Aileen Tittle.
Kipling and His Neighbors.—Anna Mae Williams.
The Club adjourned until next year when it expects to re-organize and renew activities with enthusiasm.

"Checagou" Wasn't Much When La Salle Saw It in 1683; But, Oh, Boy! Look at Chicago, the Rail Center of Today

NEW UNION STATION, CHICAGO

WHEN FORT DEARBORN WAS CHICAGO, 1620

NEW CHICAGO HOME OF CANADIAN PACIFIC RAILWAY

If one were to address a letter today to "Checagou," even a clever post-office official would be puzzled, but that was how the great French explorer, La Salle, spelled Chicago 241 years ago. Chicago was only a name when Joliet, Pere Marquette and the Sieur de la Salle camped there on their way to the Mississippi. Chicago was then a part of Canada—New France. It was called Joliet and Marquette visited it 251 years ago, or ten years earlier than La Salle. Even then Chicago was a great transportation center for Indians and French explorers, for it was on the line of march westward from Quebec, via the Great Lakes, to the Mississippi and southward to the Gulf of Mexico. La Salle actually went from Quebec to the Gulf of Mexico and back again and was

murdered somewhere in Mississippi by his own followers. When the canoe and the prairie schooner of the pioneers were succeeded by the railway train, Chicago became one of the world's greatest transportation centers, being on the same old line of march from the east to the west, and vice versa. Fort Dearborn was built in 1803 and for three decades was Chicago. In 1812 Indians massacred the garrison, but the old fort was rebuilt and in 1852 the first railway train entered Chicago from the east. Today Chicago is a great railway hub, the spokes of which run north, south, east and west. Her new Union Station, now nearing completion, will be one of the finest terminals in the world and will be used by the Pennsylvania, Burlington, St. Paul and Alton railways.

Another new and important rail

development in Chicago is the move of the Canadian Pacific's rail and steamship passenger offices and those of the Soo Line to the new Straus Building, corner of Michigan Avenue and Jackson Boulevard, a very attractive and imposing 32 story building not far from the site of historic Fort Dearborn. Following the route of the early explorers of 250 years ago, the Canadian Pacific enters Chicago via its own lines and the Michigan Central westward from Montreal and places the eastbound Chicago traveler aboard ship for Europe in Montreal in less than 24 hours. Westward over the Soo Line and Canadian Pacific, the traveler reaches Vancouver in 81 and 1-2 hours from Chicago and in only 90 hours from Montreal. What would La Salle, Joliet and the good Pere Marquette think of such transportation feats now?

BASIS OF ALL LAW

Nowhere in all the centuries of recorded speech will one find so brief and comprehensive a summary of the moral obligations, due from one man to another, as is written in the Ten Commandments. They form the basis of all law, written and unwritten, that has ruled and guided mankind from the time of Hammurabi until the present. A disregard of these is responsible for the holocaust resultant from all wars.

Leading thinkers of the world are advocating assiduous Bible reading, not strictly from the religious standpoint, but from the law of balances—to form the flux of thought, from thoughts of strife and horrors to thoughts of peace.

Leading schools and newspapers throughout the country are advocating active campaigns to this end, and this paper is glad to be one of the first to give its readers additional chances to help swing the world around to its proper moorings. Tie in on the right thinking by continued reading of what for centuries has been the best of reading. Get the

latest and most convenient Bible printed. The New Big-Print Red Letter Bible which practically is being given away. See another column in this issue for coupon offer.

Prof. Tom Cain, candidate for tax assessor, was up from Groesbeck Friday circulating among the people.

The fewer acquaintances a man has the less he is bored.

An Effective Trimming in Beads

flowers may be either all white or all black, as preferred.

Fig. II shows the second way of working bead embroidery. This consists of first stringing the beads then taking a stitch between each bead with another needle and thread. The colors of the beads are alternated in the same way as when they are picked up one by one.

The embroidery appears at the left side-front of the blouse, on the flow-

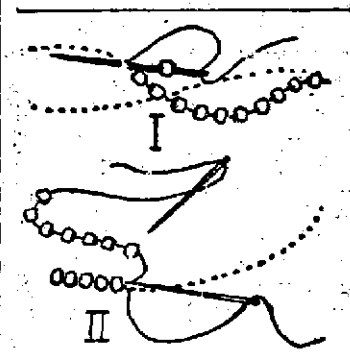

Fig. I—Beads picked up one by one.
Fig. II—Beads strung and caught down with another thread.

ing sleeves and on the belt, which is an unusually gracefully arranged affair, with the ends drawn through a beaded buckle at the left side.

Vanity is the only intellectual entertainment some people have.

Some people are disagreeable because they can't attract any other way.

Afternoon frock of Satin Crepe

From Paris comes word that the satin crepe are booked for still another season of popularity and black and white effects are in greatest demand.

An especially effective dress is this one, direct from Paris. It is carried out in black satin crepe, five and one half yards being needed for the purpose. The skirt is trimmed with three ruffles and the blouse falls to the edge of the topmost ruffle, giving the appearance of a fourth.

Of particular interest is the trimming, very simple but exceedingly original. It is developed entirely in beads: crystal and jet, to carry out the black and white effects that are so much the vogue at present. There are two ways of applying the beads, both of which are featured here. In Fig. I the beads are picked up one by one, first a white and then a black bead being used. The centers of the

SPORT

By GRABBS

The Gushers return home Sunday afternoon for three games with the Marlin Bathers who are showing a decided movement for the top in the league. The Bathers took the Waco Indians into camp in a double header Wednesday by pounding Mike Schmidt and John Mitchell a little too hard to suit the fancies of Otto McEwen and the Waco backers. Alux has a good ball club now and you can bet your last pair of socks that he'll be in the running for the rag.

The Gushers are due to come out of their slump when they get back home with the Bathers. Several new players have been acquired and up to date one has reported as by Sunday there should be at least one or two more wearing the local spangles. Ned Seely, hard hitting outfielder from Greenville, joined the club Thursday at Temple and is playing the right garden. McDowell, who has been spanking the offerings of the pitchers here of late and who is batting at a terrific clip has been shifted to the left pasture and Butler has been placed on first. The management of the local club have been receiving communications here lately from various ball players and there should be one or two to report by Sunday or a few days later.

The fans and followers of the national pastime should not get discouraged over the sudden slump of the Gushers for they should know that the best of teams will lose ball games right along at times. They will be sure to come out of it soon and the predictions are that the Marlin Bathers will be among the first to taste of the Gusher revenge.

Black Cats Have Successful Year

By GRABBS

The Mexia Hi Black Cat baseball squad completed their seasons' schedule Monday afternoon by taking a beating at the hands of a mixed team at Wortham to the tune of 10 to 6. The concluded season has been very successful and Coach Ernest H. Poter can justly be proud of the squad he developed here. The greatest handicap to the club was the lack of pitchers, Dutch Cox and Jim Karner doing most of the twirling for the Cats and Cox was laid out for over half of the season with an injury the first time and a case of mumps the last. Karner bore the brunt of the pitching and hurled creditable ball for a youngster in his first year at high school. He should show the neighboring boys some real twirling next year.

A total of fourteen games were played during the season the Cats winning nine, losing four, and tying one.

The results of the schedule are:

Cats 18; Kosse 1.
Cats 15; Thornton 10.
Cats 6; Westminster 4.
Cats 10; Wortham 9.
Cats 7; Dawson 7.
Cats 6; Kosse 7.

Cats 2; Thornton 3.	Cats 1; Dawson 4.
Cats 1; Corsicana 5.	Cats 3; Coolidge 0.
Cats 10; Coolidge 3.	Cats 13; Groesbeck 12.
Cats 7; Groesbeck 2.	Cats 6; Wortham 10.

This gives the Cats a total of 105 runs scored to the 77 of the opponents. Rollin Maxwell is leading the squad in batting with an average of .363. Captain Kendrick is second, and the only other .300 hitter on the club with an average of .301. He is leading in the number of hits with 15 hits in 49 trips to the plate.

The following are batting and fielding averages; columns representing at bat, hits, batting percentage, chances, errors, fielding percentage:

Maxwell	30	11	.363	11	2	.820
Kendrick	49	15	.301	49	8	.832
Lucas	50	14	.280	32	5	.845
Storey	57	12	.211	73	17	.782
Parkinson	51	13	.255	21	6	.700
Thompson	47	7	.149	52	5	.920
Treadway	50	9	.180	51	5	.900
Cox	20	3	.150
Wallace	42	12	.286	38	5	.860
Karner	43	8	.186	29	2	.930
Robinson	9	1	.111
Buford	6	1	.167	2	0	1.000
Mills	5	0	.000

J. C. Lynch was here Wednesday from Waco.

FIRST METHODIST CHURCH

At 11 a. m. the High School commencement sermon will be preached by Cullom H. Booth, D. D. Rev. W. W. Moss will preach at 8:15 p. m.

GUSHERS LOSE WELL-PLAYED ELEVEN INNING BATTLE

TEMPLE, Texas, May 23.—Swede Lind's long homer over leftfield wall gave Temple a victory over Mexia in eleven innings. Nugent for Temple was in rare form and deserved a shutout victory, loose play giving the Gushers their three scores.

F. B. C.'s WIN ANOTHER

The First Baptist church baseball team defeated the H. and T. C. baseball club Monday by the score of 9 to 8. Kennison and Auld, batteries for the Baptists, did good work. Costly errors were made on both sides. The feature of the game was Maxwell's perfect throw to home plate to cut off the tying run of the H. and T. C. club.

Any team wishing to play the F. B. C. call 765W or Paul B. Harper.

C. C. Frabek was here Thursday from Corsicana.

Mr. and Mrs. E. E. Richardson, of Corsicana, were among the visitors to Mexia Thursday.

RED HILL STOPS WINNING STREAK OF VANN'S OILERS

WACO, Texas, May 22.—Hill let Corsicana down with four hits today, Waco winning, 3 to 1. It was the first game of the battle for first place.

MEXIA YOUNG LADY TO GRADUATE AT SAN MARCOS

SAN MARCOS, Texas, May 23.—The Southwest Texas State Teachers College will hold its twenty-first annual commencement exercises from May 29 to June 2. The 1905, 1906, 1914 and 1915 classes will have a home coming. The baccalaureate sermon will be preached by Rev. D. H. Wharton of Austin, and the baccalaureate address will be delivered by Judge O. S. Lattimore of Austin.

Twenty-nine young men and young women are candidates for degrees, among the number being Miss Eula D. Schulz, B. A., of Mexia. Sixty-four will receive diplomas and permanent certificates.

Mr. and Mrs. A. M. Wilder of Shreveport were visitors in the city the first of the week as guests of Mr. and Mrs. Geo. Petty and other relatives.

FLEHARTY PITCHES SHUTOUT AGAINST MARLIN BATHERS

AUSTIN, Texas, May 22.—Fleharty held Marlin to three hits here Thursday and the Rangers won, 7 to 0. Chaney cleaned the bags in the fourth. Kendrick made a great catch of White's fly in the second.

Anti-Klan Club Holds Meetings Open to Public

EASTLAND, May 23.—An avowed anti-Ku Klux Klan society is holding weekly meetings here, to which everyone including klansmen have been invited.

The organization, known as the Eastland Constitutional club, has as its main purpose the suppression of political activities of the hooded order. The meetings will be continued until after the June primaries.

Advertising Pays When Properly Done

MINERAL WELLS, Texas, May 23.—"Ten Years Younger," an elaborate illustrated booklet extolling the virtues of Mineral Wells, is attracting hundreds of summer visitors to this city.

Profusely illustrated, and embellished with vivid descriptions of the city's claims to fame as a health resort, the publication is said to have enticed patrons from all sections of the southland.

The book was published in the shops of the Mineral Wells Index, said to be one of the best equipped printing plants in the state.

It is being distributed by the local Chamber of Commerce.

But It Used to Be A Common Trick

HOUSTON, Texas, May 23.—It remained for two United States Marines to turn a trick which Southern Pacific railroad officials declared the governor of the state could not do.

Sergeant J. D. Waltner wanted to leave the city. He was late. There was a story of "confidential orders." A clerk at the downtown ticket office rushed to the telephone. Waltner's "buddy" commandeered a passing automobile. He counted out the money for the ticket as the car sped to the depot. At the gate a clerk handed him the ticket, the conductor signaled the engineer and the Sunset Limited started eastward—more than three minutes late.

Waltner was on leave and going to visit his uncle, a congressman, in Washington.

BOSTON.—Jack Williams, New York, won the 118 pound national amateur championship in a decision from Joe Lazarus, Cornell University. Fidel Labarba, Los Angeles, won the 112 pound championship by knocking out Ray Fee, San Francisco. Both qualified for places on the Olympic team.

FIGHTS AND FIGHTERS

NEW YORK.—Johnny Dundee, world's featherweight champion, has been given fourteen days, under penalty of suspension, by the New York Boxing Commission, to accept a match with Johnny Leonard, Allentown, Pa., for the title. Notice was also served on Mickey Walker, world's champion welterweight that he has until Monday to accept a match with Dave Shade, California, for his title.

AURORA, Ill.—Bud Taylor, Haute, Ind., and Connie Curry, Sioux City, Iowa, are scheduled to go to rounds here tonight in the feature bout on a big fight card.

PIMPLY FACED PEOPLE LEARNING NEW METHOD

It is simply a question of knowing what it takes to clear out those diseases of the skin, like bumps, blotches, pimples, rash, eczema, "breaking out," etc., and the makers of Black and White Ointment, and Black and White Soap seem to have just what the skin needs to get rid of them quickly. The fact that more than two million packages of them are sold every year proves how popular they are.

Black and White Ointment and Soap are economically priced, in liberal packages. The 50c size Ointment contains three times as much as the liberal 25c size. All dealers have both the Ointment and the Soap.—(Adv.)

FURNITURE SALE.

Say, you good people, who reside in this community, who are not blind, deaf, dumb or broke. Please wake up to the fact that I am selling out \$1800.00 worth of perfectly good, practically new household furniture at less than one-third actual value, at my home at 710 East Palestine street. Will list a few things for your benefit: 1 Steinbrenn talking machine, sweet toned, without a blemish and in perfect condition, cost \$165.00, sale price \$40.00; singer sewing machine, cost \$85.00, \$25.00; Cedar chest, new, cost \$30.00, \$15.00; library table, new, cost \$55.00, \$10.00; dining table, round, cost \$35.00, \$10.00; chifferobe, cost \$30.00, \$10.00; large old fashioned wardrobe \$7.50; gas range, direction, cost \$85.00, \$20.00; also several good 2-in. beds with heavy springs (new) and mattresses; electric fan; electric sewing motor; 12 pieces cut glass; 2 shot guns; wicker baby buggy; kitchen safe, chairs and tables, etc., and last, but not least, I have enough good lumber to build a 4 room house, for \$50.00. Now folks, you don't get a pick up like this every day. You know it, and I know it; so if you are not afflicted with the ailments mentioned above, come and see me, it will pay you.

Respt.

Ben F. Upton,
710 E. Palestine St.

Mr. and Mrs. Morris G. Gilleb, of Perry, Oklahoma, were visitors in Mexia Thursday.

Neighbors can see the eclipse of the moon without the aid of a telescope.

Devil's Gate dam, near Pasadena, Cal., has a twenty-foot concrete auto road on the top.

J. T. Bragg, of Corsicana, was among the visitors to the city Wednesday.

R. F. Cope, of Corsicana, was in Mexia Wednesday.

CULLUM H. ROTH TO DELIVER COMMENCEMENT SERMON

Cullum H. Roth, pastor of the Austin Avenue Methodist church, of Waco will deliver the baccalaureate address to high school seniors at the Methodist church Sunday morning at eleven o'clock. Reverend Roth is generally known as one of the ablest ministers in Texas and as a remarkable speaker. Special music for the occasion will be prepared under the direction of Mrs. Oscar Denning.

NOTICE TO PATRONS OF THE PUBLIC SCHOOLS

The Board of Education has taken charge of the Summer School for the current session, and will operate both high school and grammar school departments in accordance with regular term standards. Credit will be granted with certain restrictions for work completed in the Summer Session.

The Summer Session will begin June 9, and last for six weeks. A tuition charge of \$6.00 for the first subject and \$3.00 for each subject thereafter, payable in advance, will be made. Mr. G. W. Perkins will have charge of the grammar school department and Mr. E. H. Poteet will have charge of the high school department. Further information may be secured from them or from the superintendent of schools, C. A. PUCKETT, Supt.

RUPTURE Expert Here

F. H. Seeley, of Chicago and Philadelphia, the noted truss expert, will personally be at the Raleigh Hotel, and will remain in Waco Sunday and Monday only, May 26-28. Mr. Seeley says: "The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous effects immediately appreciable and withstanding any strain or position no matter the size or location. Large or difficult cases, or incisional ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results with out surgery, injections, medical treatments or prescriptions. Warning—All cases should be cautioned against the use of any elastic or web truss with understraps, as same rest where the lump is and not where the opening is, producing complications necessitating surgical operations. Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. He will be glad to demonstrate without charge or fit them if desired. Business demands prevent stopping at any other place in this section.

P. S. Every statement in this notice has been verified before the Federal and State Courts.—F. H. Seeley.
Home Office 117 N. Dearborn St. Chicago.

MEXIA HIGH TO HAVE TRAINING CAMP HERE

As school is drawing to a close the athletics minds of the institution are beginning to plan ahead for the coming year for the betterment of athletics for Black Cat teams. The latest movement which has been almost assured was made known to the lettermen of baseball and track Thursday afternoon by Coach E. H. Poteet. A football training camp will be conducted by Coach Poteet beginning about two or three weeks before the school sessions starts.

Arrangements will be made all during the summer for this camp and all particulars are in the hands of Coach Poteet and Captain Thompson at present. Committees will be appointed and arrangements will be made out in full as the summer months wear on.

BUMPS ON YOUR FACE MAKE PEOPLE SCRINGE

People who have been embarrassed repeatedly on account of disfigured skin on their face, neck, arms, and hands, caused by eczema, tetter, rash, boils, pimples, etc., are nearly always sensitive about these things to the point of feeling that everybody is watching them and talking about how bad they look. For this reason Black and White Ointment, and Black and White Soap are making friends by the thousands because people can get them from their nearest dealer without a lot of explanations, and they do quickly get rid of all those skin ruiners. The 50c size of the Ointment contains three times as much as the 25c size. All dealers have both the Ointment and the Soap.—(Adv.)

Brakes Relined By Machinery

Modern methods outclass the hammer and chisel and crude way of riveting linings to bands.

Our methods employing the tubular rivet with each head countersunk to an evenness which only precision machinery can accomplish, together with the use of Raybestos lining of the proper size, will give you results such as you never have had.

All you have to do is take your hands off and bring them in and we furnish the rivets and put them on free of charge.

PRESIDENTIAL POSSIBILITY

SAMUEL M. RALSTON

WILL DEMPSEY BE ALLOWED TO FIGHT FOUL?

By HENRY L. FARRELL
(United Press Sports Editor)
NEW YORK, May 17.—Selection of a referee with a name and a reputation big enough to assure a strict observance of the rules and a fair break for both fighters will be one of the hardest jumps to take in the completion of arrangements for the Dempsey-Wills heavyweight championship fight.
It will be recalled that the heavyweight champion, quoting past precedent, assumes that it is his privilege to have 90 per cent of the say about the referee and it will be remembered also that the champion is very particular about the man shoved in the ring to order the breaking and to pass judgment upon the blows.
Dempsey has no fear of an adverse decision in the proposed fight, because Tex Rickard has decided upon Jersey City as the scene of the battle and decisions are not permitted in the state of New Jersey. When Dempsey was signed to meet Tom Gibbons in Shelby last summer, he demanded the right to name his own rules and appoint his own referee. He had to go to a decision in Montana and he wanted to take no chances on a cowboy referee. He also was to fight the cleverest heavyweight in the game and he wanted no rules that would be of assistance to a clever fighter. He won every point he held out for, simply because Gibbons was most eager to get him into the ring at a sacrifice of all rights or privileges.
Already, although it has not come directly from Dempsey, the warning

John R. Corley, Jr., has returned from Dallas, where he attended the state convention of Funeral Directors.
Fossil fishes millions of years old have been found in Brazil with spots on their scales and their eyeballs preserved intact.
has been sounded that the New Jersey boxing officials must exercise the utmost zeal and caution in appointing a referee who will not allow Wills to hold and hit. Wills has the name of depending almost entirely upon a body punch that is scored by getting his long left arm around an opponent's neck and pulling his rival's body into a hard right to the body or an uppercut to the jaw. Wills has been harassed greatly because of the belief that he has to foul to do his most effective fighting.
Perhaps Dempsey will say nothing. He will not be consistent if he does, because he should know that Wills and his manager can say to the New Jersey commission: "You get someone in the ring who will not allow Dempsey to hook a couple of rights to the jaw after the gong sounds and who will not let him hit while his man is down as he did against Firpo."
Wills can also ask the referee to brush up Dempsey's mind on the exact location of the lines on the anatomy below which it is foul to strike. Tom Gibbons went out of the ring at Shelby with a blue mark as big as a tin cup very low on his groin. It was the lowest and the most painful blow of a number that Dempsey landed below the belt.

Richard Bartholmeas, playing in "21" now showing at the National.
Yesterday's Homers.
Ward, Yankees, 1-3.
Burns, Indians, 1-2.
Meusel, Yanks, 1-1.
Vance, Robins, 1-1.
With Babe Ruth at Bat.
First inning—Doubled to right.
Third inning—Singled to right center.
Fifth inning—Singled to right center.
Seventh inning—Grounded to second.

WATCHING THE SCOREBOARD
Bob Meusel's homer with two on and one by Ernie Ward helped the Yanks beat the Indians, 6 to 3. Geo. Burns drove in all Cleveland's runs. Doubles by Haney, Hoffman and Pratt in the ninth, with a pass to Cobb

and Essal's fourth error, gave Detroit three runs and a 6 to 5 victory over the Red Sox.
Kelly's double in the seventh inning scored two runs and the Giants beat the Reds, 7 to 6 and went back into second place.
Vance hit a homer with one on and

helped win his own game, the Robins beating the Pirates 4 to 2.
Two runs off five hits in the seventh inning were all the Braves could get off Aldridge and the Cubs remained in first place with a 6 to 2 win.
Poor fielding let three runs over in the first inning and the Phils beat

the Cards, 4 to 1.
In a pitchers' duel between Tony Eton and Burns, the White Sox beat the Athletics, 3 to 2.
Behind the steady pitching of the rookie Winkard, the Browns beat the Senators, 3 to 1 and moved into a tie with the Red Sox for second place.

Judge Felix D. Robertson

CANDIDATE FOR

GOVERNOR OF TEXAS

WILL SPEAK AT MEXIA HIGH SCHOOL AUDITORIUM

North Red River Street at Brayson

FRIDAY NIGHT, MAY 23 at 8:30

The general public, especially the ladies, cordially invited and urged to hear Judge Robertson present his claims to the Democratic voters.

A Card of Thanks

FROM THE PEOPLE

Reading the editorial in the Mexia Daily News in regard to the need of a Secretary for the Chamber of Commerce and to act at once I agree with the writer.

No city the size of Mexia would think of progressing without a newspaper or a chamber of commerce. If we did we would cease to be a town

much less a city.

But what we need in a secretary is to co-operate with our merchants in all the various lines of business and on the other hand they should all be donors—don't "let Bill pay the freight." The advertising merchant is your city builder and the men that bring the crowds to our city and the man who don't advertise wants to feast at the other merchants expense.

RELIEF WAS PERMANENT
SAYS MRS. McFARLAND

"I Can Certainly Vouch For Tanlac Being a Wonderful Medicine," She Says.

People who are having health troubles may buy Tanlac on the assurance of more than 100,000 well known men and women who have publicly testified to the splendid results they have derived from its use.

Furthermore, they may buy Tanlac on its record for producing not only immediate, but lasting results. For thousands of people who recovered their health one, two, three, and even seven and eight years ago by the use of Tanlac are now testifying daily that they are "still strong and well."

Offering her experience as further evidence of the wonderful health-giving and health-preserving properties of Tanlac, Mrs. S. W. McFarland, a prominent Dallas, Texas, wo-

man, residing at 3835 Tremont St., says:

"I don't know anything better I could say for Tanlac than that I am still enjoying the splendid health it brought me several years ago. For years I had suffered from loss of appetite, rheumatism in my knee and shoulder, extreme nervousness and lack of sleep.

"Finally a druggist recommended Tanlac and when I began taking it I was in such a condition physically that I was scarcely able to be up and about. After a few weeks use of Tanlac my troubles disappeared, my weight increased 20 lbs. and I found my health and strength fully restored. I certainly can vouch for Tanlac being a wonderful medicine and tonic."

Tanlac is for sale by all good druggists. Accept no substitutes. Over 40 million bottles sold.

Tanlac Vegetable Pills for Constipation, made and recommended by the manufacturers of TANLAC.

SERVICE

In The Telephone Industry

—in every city the first object of the company is service. It is only by serving well that this industry can prosper. It is only through being served well by the Telephone company that a city or community can prosper.

The service of the Telephone utility saves steps, labor, time, worry, and in every way adds to the joy of living and the comforts of home—to the profits of labor and the welfare of industry.

The achievements of management and inventive genius are reflected in the benefits of Telephone service in this city and in every part of the United States by better living conditions for all of the people.

Our Desire Is to Make This Service
Complete and Satisfactory

Every part of our organization is ready and anxious to help to this end.

Business men who own business property in Mexia should co-operate with the Chamber of Commerce in every way possible and help to advertise Mexia, the city where their property is located. This city, today, needs advertising to the people of Texas and there should be some systematic form worked out by the Chamber of Commerce and their board of directors. And let's get some punch behind our city.

About two years ago we were on the right track when we had a publicity committee headed by Mr. A. T. Schulz and he was doing some awful good work for our city by placing Mexia before the people.

When You Go Shopping
don't forget to lay in a supply of
DIAMOND STAR
Pure Cane Sugar

Orange Marmalade

Slice six oranges rather than, taking out all the seeds. Measure by cups into a bowl, adding three cups of water for each cup of sliced fruit. Let this stand covered for twenty-four hours. Then turn into a preserving kettle, and boil for ten minutes. Return to the bowl for another twenty-four hours. Measure the pulp into the preserving kettle, adding a cup of Diamond Star Sugar for each cup of fruit. Cook gently until it is clear and thick. About forty minutes. At the usual time, the marmalade will be of finer quality if only half the pulp and sugar are cooked at once. Heating the sugar before it is added will also improve the quality.

Save this and watch for the next

It's best for the table, and for canning, preserving and candy making as well. Made in every style and sold in handy packages and bags.

Sugar is one of the best of foods. Do you remember what efforts the United States Food Administration made to supply our troops with it during the world war? It is a necessary part of a well balanced diet. Ask your grocer for Diamond Star.

Are You Weak, Nervous?

Houston, Texas—"I have used some of Dr. Pierce's remedies and found them perfectly satisfactory. I became run down in health and had weak and nervous spells. I took the 'Golden Medical Discovery' and the 'Favorite Prescription' and it was surprising how quickly and rapidly I improved. Just a few bottles of each put me in good health. I can recommend the 'Golden Medical Discovery' as a general tonic and the 'Favorite Prescription' for feminine troubles."—Mrs. W. H. Jackson, Route 1, Box 264, N. All dealers. Send 10c to Dr. Pierce, Buffalo, N. Y., for trial pkg. tablets.

Another lot of those Good Looking Waste Paper Baskets, 98c each

On each and every purchase you make at this store we guarantee 100 per cent satisfaction.

Plans Are Being Drawn For Mexia Textile Mill

RICHLAND WITNESSES REAL DRILLING CAMPAIGN

Prominent Mill Man To Head Mill Built In City

J. Sanford Smith states that there was a generous response to the call of the cotton mill committee for the second quota on subscriptions for stock.

Extracts taken from his letter to all stockholders are as follows:

"As plans are now being drawn for the building and contract being entered into for the land on which we expect to build the mill, we trust you will let us have your second installment at once. As soon as the first two full installments are in hand we expect to begin active work toward closing up contracts and etc. preparatory to beginning actual work."

We stated in our last letter that we expected to have associated with us an experienced Cotton Mill man who would have the active management of our Mill, we are pleased to advise you that this has been accomplished and Mr. Perry Burrus of the Dallas, McKinney and West Cotton Mills has consented to take \$25,000.00 of stock with us and not only manage our mill but assist us in its construction and give us such assistance as we may need along all lines.

Mr. Burrus has been in the cotton mill business in Texas for past 11 years as well as being a large stockholder in the Dallas, McKinney and West Cotton Mills he is a large stockholder in four flour mills in the State all of which have proven attractive investments under his management, and he is recognized by all to be very high class and successful business men.

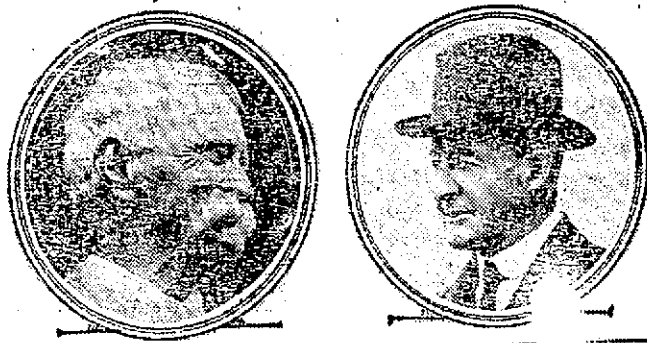

You have only to make some investigation of Mr. Burrus to convince yourself that we have been indeed fortunate in getting him to come into our organization and we feel that under his direction we may feel assured that our mill will have as good management as it is possible for us to command.

Since it is considerable trouble to see each subscriber individually, I trust you will let us have your due installment without delay.

Make your checks payable to Mexia Cotton Mills and mail direct to the Secretary-Treasurer.

Ed Prather, of near Watt, was in the city Friday attending to some business.

MEN AND WOMEN IN NEWS OF THE DAY.

Edna Wallace Hopper, rejuvenated actress, announced in Los Angeles, that she is soon to marry a British Army officer in China. She declined to give his name, declaring she had "lost a couple that way."

Sir Adam Beck, chairman of the Hydro-Electric Power Commission of Ontario, Canada, is leading the attack on the right of Chicago to take so much water from Lake Michigan for the sanitary district of Chicago, said to be an encroachment on the rights of Canada and the State of New York. It is estimated the Duchess of Westminster, a loss of 500,000 electric horsepower. The Duchess of Westminster, wife of England's richest peer, is said to be seeking a divorce in London because her husband refused her permission to use his London palace for a charity ball. Edward Payson Weston, 86-year-old world famous for a charity ball. Edward Payson Weston, 86-year-old world famous for a charity ball. Edward Payson Weston, 86-year-old world famous for a charity ball.

Hughes In Luling Oil Field Looking After Work There

J. K. Hughes, president of the J. K. Hughes Developing Company, is in Luling, looking after the extensive and valuable holdings of his company in that active producing center. The company has several wells in that pool already in and quite a number soon to be added to the production column. Mr. Hughes represented this senatorial district at the Centennial Conference in Austin Wednesday, going from the capital city to Luling. He is expected to return the latter part of the week.

A. W. Bounds was here Wednesday from Mt. Pleasant.

LIONS APPROVE WESTMINSTER DRIVE FOR \$100,000

The Lions club today approved the campaign to raise \$100,000 for development of properties of Westminster College at Toluca, seven miles northwest of town. This college is the same distance from Mexia as Southern Methodist University is from Dallas. With more than a hundred students from points outside of this immediate community, this college is a real asset to Mexia, it is pointed out, bringing many thousands of dollars here annually. The campaign for the fund will start in earnest next week, according to Dr. Biggs, president of the college and Rev. O. W. Milburn, financial agent.

The Lions heartily approved the following resolutions:

We hereby express our approval of the plan to raise \$100,000 for Westminster College.

We join with the Commercial Club in commending to the citizens of Mexia the proposal to raise \$100,000 in Mexia, this sum to be distributed over a period of four years, making an annual amount of \$25,000.

We bespeak for the Rev. O. W. Milburn a respectful hearing as he presents the needs of the college to the people of Mexia.

Bazette District Loses In Interest

Interest continues in the Gibson No. 1 test of Picketts and Webster at Picketts in the eastern part of Navarro County.

Casing has been set this week and the test will start drilling in early this coming week.

A lease deal has just been reported in that district where D. W. Day sold 98 acres of the E. Powers tract for \$25 per acre.

Generally speaking, interest in the Bazette area, Northeast of the Powell in Navarro is waning, as no developments have resulted there considered very cheering to the hundreds of investors who have given that section the wildest play which any Mexia-Balconnes fault area has ever received.

P. O. Adams, of Cameron, was in the city Wednesday.

Felix D. Robertson Speaks In Mexia At High School Auditorium at 8:15 Tonight

Judge Felix D. Robertson of Dallas, candidate for Governor of Texas, arrived this morning in Mexia for the address he will deliver in the interest of his campaign at the High School auditorium at 8:15.

He was a guest at the Lions club at noon. Since the session was largely devoted to business, Judge Robertson spoke only a few words, not referring to his candidacy in any way.

At 1:30 he left for Groesbeck, accompanied by numerous friends here, where he was to speak at 2:30. He had not scheduled an address at Groesbeck at this time, but an insistent demand from supporters there won his response.

He will likely be greeted by a large audience tonight. Judge Robertson is credited with drawing

large crowds wherever he has spoken and the Mexia address will be about the 100th speech made during the present gubernatorial campaign which he opened in the home town of his father, the beloved General Robertson of Waco.

Extra chairs have been provided at the auditorium.

The meeting will be presided over by L. S. Patterson and the speaker will be introduced by Ben B. Hunt.

The coming of Judge Robertson has been heralded by circulars throughout a wide area around Mexia and many out of town voters are expected to be present. Ladies also have been urged to attend. He is the fifth candidate for Governor to appear in Mexia since the opening of the campaign.

CERF NUMBER 5 DRILLS IN ON PRODUCING PROPERTY

The E. L. Smith Cerf No. 5 at Powell started drilling in today, according to information received at the offices here. Both E. L. Smith, president of the company and Blake Smith, vice president, were in the Powell field and in Corsicana Thursday, returning today to local headquarters. The company now has royalty interests, wells and valuable leaseholdings in three fields as well as big blocks of acreage in other counties in wildcat territory. The four producers on the Cerf owned by the company are holding up well, the production of the Powell pool still soaring above the 100,000 barrel daily mark.

Another Product Is Manufactured by Mexia Concern

Not the least of many new industries started in Mexia this year is that undertaken by Tevis Morrow, manager of the Economy Filling station in the manufacture and sale of what is called the "Keep Clean Dust Cloth." It is made at the station at the corner of Main and McKinney Street, each cloth being treated in the laboratories of this company, forming what many declare to be the best thing of its kind on the market. It is serviceable to automobile owners as well as to housekeeper, being very satisfactory in wiping off cars or the finest of furniture, leaving a smooth, glossy effect. Following the use of the cloth, it may be washed and then be as good as new for the next time required.

REBUILDING DERRICKS GETS UNDER WAY IN STORM SWEEP GOLDEN LANE OF MEXIA FIELD

The work of rebuilding the storm wrecked derricks in the Mexia field is expected to be under way in full blast early this coming week. Lease men have been busy since the storm Tuesday night clearing away the debris.

Over 150 derricks were blown down by the heavy winds which visited the field but which claimed no victims or injuries. One oil field man left a derrick stand and went in the pump house just as the derrick crashed on top of the structure. He finally managed to get out without sustaining any injuries and started down the road when he was chased quite a distance by material loosened and blown by the sightless wind. This is the only incident reported where anyone came near being hurt. The third of falling derricks was heard by many inmates of oil field houses, creating considerable excitement during the storm which claimed 116 derricks of the Pure Oil Company alone.

Wednesday found company men wiring for rig builders from all points in the Mexia district and from other fields to rush here to help rebuild the derricks.

Many of the pump houses were damaged and the production of the field will be cut considerably this week due to the shutting down of the wells where the derricks are down and where the pumps are damaged. Some are running without derricks.

Many rig builders are arriving hourly and the work is now going on as fast as workmen can be obtained. Local hotels and cafes are enjoying quite a brisk business due to this elemental disturbance.

Mexican Pays Supreme Penalty In Chair Today

HUNTSVILLE, Texas, May 23.—Frantic efforts by attorneys and relatives, who pleaded twice Thursday with Governor Neff to grant a reprieve failed and Frank Cadena, Mexican and ex-soldier paid the supreme penalty for the murder of his pretty sister-in-law, Pablito Jimenez, at San Antonio.

Cadena took his seat in the electric chair shortly after midnight and was pronounced dead at 12:20 o'clock this morning.

The former overseas veteran of the World War, went to his death calmly. He made no statement except to thank prison officials for their kindness while a prisoner in the State penitentiary.

Cadena was electrocuted for shooting his sister-in-law two years ago. Pleas for a reprieve were made yesterday on the ground that he was insanely intoxicated on a native Mexican drink.

MEXIA ELKS TO GO TO HOUSTON MEET

Hampton Steele, oldest son of the last survivor of the fields of San Jacinto, of Thornton, reached here this afternoon to join Frank Bolton, Exalted Ruler of Mexia B. P. O. E. They will leave tonight for Houston for the meeting of Elks there Saturday. Mr. Steele was recently made a life member of the Mexia Elks lodge.

as new for the next time required. This is one of the best features of the cloth. The company is now manufacturing this product by the gross, supplying orders for out of town use as well as for local sale. Many business concerns here are handling the cloths which are neatly placed on what are termed self selling card board. The business promises quite a growth.

48 New Derricks Now Up And Many Rigs Running

48 new derricks are now up in the new Richland pool, giving that district the lead over all other Balconnes-Mexia fault pools this time in activity and in interest. Trading is reported to be very brisk, with high prices predominating and major companies joining in the scramble for choice position in the promising territory.

The Godley Oil Company's No. 1 is producing 65 barrels of crude of the same gravity as the Mexia Golden Lane; No. 2 has set liner and has a production of 410 barrels; No. 3, elevation 373, is drilling around 2008 feet in chalk at 1892; No. 4 is a derrick and No. 5 of this company is a location.

The Hamill Drilling Company's Brown 1, elevation 326, to 1914, t. l. 2575.

Eslick Moran No. 1, pipe stuck at 2875.

G. I. Moore Hillburn No. 1, drilling at 1820 in broken chalk.

Boyd Webb No. 1 is drilling in today at 2950; No. 2 is drilling; No. 3 is rigging up and No. 4 is rigging up;

while No. 5 is a location and No. 6 is a derrick.

McDonald-Brown No. 2, T. D. 2973, int. production 300 barrels, No. 3 has set casing.

The McDonald-Swink No. 2 has set casing, while No. 1 is producing 130 barrels daily. The E. L. Smith Oil Company owns a valuable 45 acre tract just north of this producer, which will be fully developed pending subsequent results of other prospective activities in that immediate vicinity.

The McDonald Green, elevation 332, has set casing.

The Providence Petroleum Company Swink 1 is running tubing, producing 100 barrels. T. S. 2978 T. D. 2981. The No. 2 of this concern is drilling.

Humble Sheffield 1 is drilling at around 100 feet.

The Derby Oil Company's Sheffield 1 is spudding in.

This active area about 20 miles North of Mexia is being visited daily by scores of oil men who are especially watching the Boyd well which is drilling in today on the Webb tract and which will represent the first producing property of that company should it complete as a producer, while the road between Mexia and the field there is lined with traffic, material being rushed overland from here to participate in the activity and drilling campaign, which so far is the banner event in the life of this section this year.

The daily production of the Mexia oil bearing region is expected to be boosted considerably as well after well in the area joins the list of producers.

The field is also reached from Mexia by rail, the Southern Pacific Line from here extending through Richland reached morning and evening by oil men who are making this place headquarters for their operations.

Before the campaign is ended, it is expected by many that the Powell pool will be connected with the Currie pool through Richland with a line of derricks blackened by the production of wells owned by many companies.

THE WORLD IN TABLOID

DALLAS.—Billie Palmer, auto mechanic, was shot and dangerously wounded when two negroes engaged in a gun battle on the street. Palmer is said to be the son of a Paris, Texas, physician. Part of a buckshot load struck him and also critically wounded one of the negroes. Palmer was a bystander.

HILO, T. H., May 23.—It is believed that Howard Simmons and E. J. Hinna, soldiers, lost their lives in the fiery cauldron of the volcano Kilauea. They have been missing since Saturday, and search was abandoned yesterday. If alive they are probably wandering in search of a native village and have not been able to get in communication with their friends.

WASHINGTON, May 23.—A compromise tax bill was formally laid before the Senate by Senator Smoot, chairman of the Finance Committee, and at his request voting on it deferred until tomorrow. Senators do not believe there will be any serious opposition to the new bill.

WASHINGTON.—President Coolidge was back at his desk today announcing that he was feeling fine. His cold improved with rest and he was hard at work this morning before any of the White House attaches showed up for duty.

WASHINGTON.—A movement was started by progressive republicans and democrats to enter the political field with an independent bi-partisan ticket headed by Senator LaFollette for president and Senator Wheeler, democrat, for vice president. Wheeler has balked temporarily, apparently awaiting the outcome of the democratic convention, but his friends believe he can be persuaded to run. If for any reason LaFollette decides not to head the ticket Wheeler will be offered the place.

BERLIN.—Leaders of the nationalist party declined temporarily to accept the Dawes plan in toto as the basis of the party's participation in the new cabinet. Negotiations between party leaders will continue, however, until Saturday.

WASHINGTON, May 23.—Morris Mayfield of Terrell, Texas, brother of Senator Mayfield, denied before the investigating committee that he contributed to the campaign fund except in small sums given by salesmen employed by him in a wholesale grocery company. The witness said his brother told him that he spent \$9000 in the campaign. Replying to a question about the strength of the Klan in Texas at the time of the election, Mayfield said: "Nearly everybody down there belonged."

ESSEN.—Hope of settling the mine strike and lock out of 600,000 workers in the Ruhr was held out today as new negotiations started here.

PARIS.—Despite a pledge of financial stability of Edouard Herriot, who is succeeding to the premiership with a Government of the Left, the French franc was wobbly at the opening, dropping to 18.17 nearly one franc to the dollar lower than yesterday's official closing.

SUMPTER STREET SCHOOL TO PRESENT EXHIBITION ON SCHOOL LAWN TONIGHT

The friends and patrons of Sumpter Street School are cordially invited to be present tonight at the exhibition of work done by the physical education, English, Art and Music departments of the Sumpter Street School. The program, which is unique and which promises to be a revelation to those witnessing it, will be given on the campus in front of the building on Sumpter Street, where chairs and lights have been arranged for the comfort of those attending, and will start promptly at 8:00 o'clock. Other departments will present their displays Tuesday and Wednesday of the coming week. On those days, these departments will present their exhibits at the Mexia public library from 10 o'clock in the morning until closing time each day.

Hopkins County And Other Counties Of Northeast Texas Witness Drilling Campaign With Tests At Various Stages

The E. L. Smith Oil Company's Pippin 1 in Hopkins County is drilling at 3115 with shale from 2809 to 2865.

In the same county, the G. J. Smith (Skelly) McGowan number 1 is shut down at 3450, in broken line and shale, the test now out of fuel oil.

The Marland Oil company's Copedge number 1 is drilling in broken line at 3063.

Dreeby and Lasky's Patterson No. 1 is reaming down at 3157.

In Rains County, the Marland Oil Company's King number 1 is drilling at 3230. The McLaughlin and

Lyles, 500 feet North; 500 feet East from center, Northeast, 40 acres on the McDowell farm, McMahon survey, is a location.

In Kaufman County, Germany et al, Kirby number 1, shut down, drill stem at 2896, in shale. This test was cored at 2785 finding packed sand.

Skinner and Lyles Barrow 1, is shut down at 3401, supposed to have resumed drilling today. It will go to 3500 feet.

In Van Zandt County, Brookins & Jenkins, Hughes 1, is drilling in chalk at 2820. The Mills Bentet, Jones 1, is shut down at 2850.

Entered as second-class matter, February 25, 1919, at the Postoffice at Mexia, Texas, under the act of March 3, 1879.

"Checagon" Wasn't Much When La Salle Saw It in 1683; But, Oh, Boy! Look at Chicago, the Rail Center of Today

NEW UNION STATION, CHICAGO

NEW CHICAGO HOME OF CANADIAN PACIFIC RAILWAY

WHEN FORT DEARBORN WAS CHICAGO, 1830

If one were to address a letter today to "Checagon," even a clever post-office official would be puzzled, but that was how the great French explorer, La Salle, spelled Chicago 241 years ago. Chicago was only a name when Joliet, Pere Marquette and the Sieur de la Salle ramped there on their way to the Mississippi. Chicago was then a part of Canada—New France. It was called Joliet and Marquette visited it 251 years ago, or ten years earlier than La Salle. Even then Chicago was a great transportation center for Indians and French explorers, for it was on the line of march westward from Quebec, via the Great Lakes, to the Mississippi and southward to the Gulf of Mexico. La Salle actually went from Quebec to the Gulf of Mexico and back again and was

murdered somewhere in Mississippi by his own followers. When the canoe and the prairie schooner of the pioneers were succeeded by the railway train, Chicago became one of the world's greatest transportation centers, being on the same old line of march from the east to the west, and vice versa. Fort Dearborn was built in 1803 and for three decades was Chicago. In 1812 Indians massacred the garrison, but the old fort was rebuilt and in 1852 the first railway train entered Chicago from the east. Today Chicago is a great railway hub, the spokes of which run north, south, east and west. Her new Union Station, now nearing completion, will be one of the finest terminals in the world and will be used by the Pennsylvania, Burlington, St. Paul and Alton railways. Another new and important rail

development in Chicago is the move of the Canadian Pacific's rail and steamship passenger offices and those of the Soo Line to the new Straus Building, corner of Michigan Avenue and Jackson Boulevard, a very attractive and imposing 32 story building not far from the site of historic Fort Dearborn. Following the route of the early explorers of 250 years ago, the Canadian Pacific enters Chicago via its own line and the Michigan Central westward from Montreal and places the eastbound Chicago traveler aboard ship for Europe in Montreal in less than 24 hours. Westward over the Soo Line and Canadian Pacific, the traveler reaches Vancouver in 81 and 1-2 hours from Chicago and in only 90 hours from Montreal. What would La Salle, Joliet and the good Pere Marquette think of such transportation feats now?

BASIS OF ALL LAW

Nowhere in all the centuries of recorded speech will one find so brief and comprehensive a summary of the moral obligations, due from one man to another, as is written in the Ten Commandments. They form the basis of all law, written and unwritten, that has ruled mankind from the time of Hammurabi until the present. A disregard of these is responsible for the holocaust resultant from all wars.

Leading thinkers of the world are advocating assiduous Bible reading, not strictly from the religious standpoint, but from the law of balances—to form the flux of thought, from thoughts of strife and horrors to thoughts of peace. Leading schools and newspapers throughout the country are advocating active campaigns to this end, and this paper is glad to be one of the first to give its readers additional chances to help swing the world around to its proper moorings. Tie in on the right thinking by continued reading of what for centuries has been the best of reading. Get the

latest and most convenient Bible printed. The New Big Print Red Letter Bible which practically is being given away. See another column in this issue for coupon offer.

An Effective Trimming in Beads

Afternoon frock of satin crepe

From Paris comes word that the satin crepes are booked for still another season of popularity and black and white effects are in greatest demand.

An especially effective dress in this one, direct from Paris. It is carried out in black satin crepe, five and one half yards being needed for the purpose. The skirt is trimmed with three sources and the blouse falls to the edge of the topmost flounce, giving the appearance of a fourth.

Of particular interest is the trimming, very simple but exceedingly original. It is developed entirely in beads, crystal and jet, to carry out the black and white effects that are so much the vogue at present. There are two ways of applying the beads, both of which are featured here. In Fig. I the beads are picked up one by one, first a white and then a black bead-being used. The centers of the

flowers may be either all white or all black, as preferred.

Fig. II shows the second way of working bead embroidery. This consists of first stringing the beads, then taking a stitch between each bead with another needle and thread. The colors of the beads are alternated in the same way as when they are picked up one by one.

The embroidery appears at the left side-front of the blouse, on the flow-

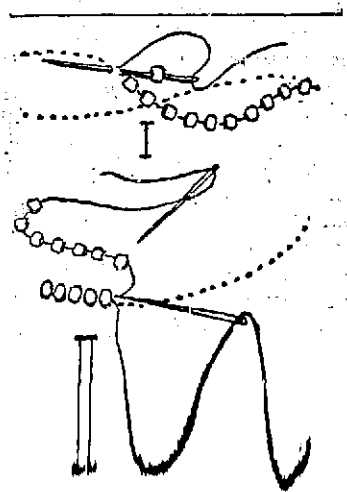

Fig. II—Beads strung and caught down with another thread.

ing sleeves and on the belt, which is an unusually gracefully arranged affair, with the ends drawn through a beaded buckle at the left side.

Vanity is the only intellectual entertainment some people have.

Some people are disagreeable because they can't attract any other way.

Footwear Fashions Anticipate Every Summer Need

Your pleasure in any of Summer's many enjoyments depends very much upon knowing that you are correctly dressed for the occasion.

One "first aid" is to choose your shoes carefully that they may be appropriate for the occasion.

We have carefully considered this in selecting the new shoes for Summer which are shown in such variety now. It may mean "more pairs" at first to choose shoes this better way, but you'll eventually find greater satisfaction, and greater economy in the plan.

Black Cats Have Successful Year

By GRABBS
The Gushers return home Sunday afternoon for three games with the Marlin Bathers who are showing a decided movement for the top in the last few days. The Bathers took the Waco Indians into camp in a double header, Wednesday by pounding Mike Schmid and John Mitchell a little too hard to suit the fancies of Otto Meyer and the Waco backers. Alex has a good ball club now and you can bet your last pair of socks that he'll be in the running for the rag.

The Gushers are due to come out of their slump when they get back home with the Bathers. Several new players have been acquired and up to date one has reported as by Sunday there should be at least one or two more wearing the local spangles. Ned Seely, hard hitting outfielder from Greenville, joined the club Thursday at Temple and is playing the right garden. McDowell, who has been spanking the offerings of the pitchers here of late and who is batting at a terrific clip has been shifted to the left pasture and Butler has been placed on first. The management of the local club have been receiving communications here lately from various ball players and there should be one or two to report by Sunday or a few days later.

The fans and followers of the national pastime should not get discouraged over the sudden slump of the Gushers for they should know that the best of teams will lose ball games right along at times. They will be sure to come out of it soon and the predictions are that the Marlin Bathers will be among the first to taste of the Gusher revenge.

By GRABBS
The Mexia Hi Black Cat baseball squad completed their seasons' schedule Monday afternoon by taking a beating at the hands of a mixed team at Wortham to the tune of 10 to 6. The concluded season has been very successful and Coach Ernest H. Potteet can justly be proud of the squad he developed here. The greatest handicap to the club was the lack of pitchers, Dutch Cox and Jim Karner doing most of the twirling for the Cats and Cox was laid out for over half of the season with an injury the first time and a case of mumps the last. Karner bore the brunt of the pitching and hurled creditable ball for a youngster in his first year at high school. He should show the neighboring boys some real twirling next year.

A total of fourteen games were played during the season the Cats winning nine, losing four, and tying one.

The results of the schedule are:
Cats 18; Kosse 1.
Cats 15; Thornton 10.
Cats 5; Westminster 4.
Cats 10; Wortham 9.
Cats 7; Dawson 7.
Cats 6; Kosse 7.

Cats 2; Thornton 3.	Cats 1; Dawson 4.
Cats 1; Corsicana 5.	Cats 3; Coolidge 0.
Cats 10; Coolidge 3.	Cats 13; Groesbeck 12.
Cats 7; Groesbeck 2.	Cats 6; Wortham 10.
This gives the Cats a total of 105 runs scored to the 77 of the opponents.	
Rollin Maxwell is leading the squad in batting with an average of .363.	
Captain Kendrick is second, and the only other .300 hitter on the club with an average of .301. He is leading in the number of hits with 15 hits in 49 trips to the plate.	
The following are batting and fielding averages; columns representing at bat, hits, batting percentage, chances, errors, fielding percentage:	
Maxwell 30 11 .363 11 2 .820	Kendrick 49 15 .301 49 8 .832
Lucas 50 14 .286 32 5 .845	Storey 57 12 .225 73 17 .762
Parkinson 51 13 .228 21 6 .700	Thompson 47 7 .145 52 5 .900
Treadway 50 9 .180 51 5 .900	Cox 20 3 .150
Wallace 42 12 .288 38 5 .860	Karner 43 6 .134 29 2 .930
Robinson 9 1 .111	Buford 6 1 .169 2 0 1000
Mills 5 0 .000

GUSHERS LOSE WELL-PLAYED ELEVEN INNING BATTLE

TEMPLE, Texas, May 23.—Sweden Lind's long homer over leftfield wall gave Temple a victory over Mexia in eleven. Nugent for Temple was in rare form and deserved a shutout victory, loose play giving the Gushers their three scores.

F. B. C.'s WIN ANOTHER

The First Baptist church baseball team defeated the H. and T. C. baseball club Monday by the score of 9 to 8. Kennison and Auld, batteries for the Baptists, did good work. Costly errors were made on both sides. The feature of the game was Maxwell's perfect throw to home plate to cut off the tying run of the H. and T. C. club.

Any team wishing to play the F. B. C. call 765W or Paul B. Harper.

C. C. Frabek was here Thursday from Corsicana.

Mr. and Mrs. E. E. Stephenson, of Corsicana, were among the visitors to Mexia Thursday.

Anti-Klan Club Holds Meetings Open to Public

EASTLAND, May 23.—An avowed anti-Ku Klux Klan society is holding weekly meetings here, to which everyone including klansmen have been invited.

The organization, known as the Eastland Constitutional club, has as its main purpose the suppression of political activities of the hooded order. The meetings will be continued until after the June primaries.

Advertising Pays When Properly Done

MINERAL WELLS, Texas, May 23.—"Ten Years Younger," an elaborate illustrated booklet extolling the virtues of Mineral Wells, is attracting hundreds of summer visitors to this city.

Profusely illustrated, and embellished with vivid descriptions of the city's claims to fame as a health resort, the publication is said to have enticed patrons from all sections of the southland.

The book was published in the shops of the Mineral Wells Index, said to be one of the best equipped printing plants in the state.

It is being distributed by the local Chamber of Commerce.

But It Used to Be A Common Trick

HOUSTON, Texas, May 23.—It remained for two United States Marines to turn a trick which Southern Pacific railroad officials declared the governor of the state could not do.

Sergeant J. D. Waltner wanted to leave the city. He was late. There was a story of "confidential orders." A clerk at the downtown ticket office rushed to the telephone. Waltner's "puddy" commandeered a passing automobile. He counted out the money for the ticket as the car sped to the depot. At the gate a clerk handed him the ticket, the conductor signaled the engineer and the Sunset Limited started eastward—more than three minutes late.

Waltner was on leave and going to visit his uncle, a congressman, in Washington.

BOSTON.—Jack Williams, New York, won the 118 pound national amateur championship in a decision from Joe Lazarus, Cornell University. Fidel Labarba, Los Angeles, won the 112 pound championship by knocking out Ray Fee, San Francisco. Both qualified for places on the Olympic team.

PIMPLY FACED PEOPLE LEARNING NEW METHOD

It is simply a question of knowing what it takes to clear out those diseases of the skin, like bumps, blotches, pimples, rash, eczema, "breaking out," etc., and the makers of Black and White Ointment, and Black and White Soap seem to have just what the skin needs to get rid of them quickly. The fact that more than two million packages of them are sold every year proves how popular they are.

Black and White Ointment and Soap are economically priced, in liberal packages. The 50c size Ointment contains three times as much as the liberal 25c size. All dealers have both the Ointment and the Soap.—(Adv.)

FURNITURE SALE.

Say, you good people, who reside in this community, who are not blind, deaf, dumb or broke. Please wake up to the fact that I am selling out \$1800.00—worth of perfectly good, practically new household furniture at less than one-third actual value, at my home at 710 East Palestine street. Will list a few things for your benefit: 1 Steinbren talking machine, sweet toned, without a blemish and in perfect condition, cost \$165.00, sale price \$40.00; singer sewing machine, cost \$85.00, \$25.00; Cedar chest, new, cost \$30.00, \$15.00; library table, new, cost \$35.00, \$10.00; chifferobe, cost \$35.00, \$10.00; large old fashioned wardrobe \$7.50; gas range, direction, cost \$85.00, \$20.00; also several good 2-in. beds with heavy springs (new) and mattresses; electric fan; electric sewing motor; 12 pieces cut glass; 2 shot guns; wicker baby buggy; kitchen safe, chairs and tables, etc., and last, but not least, I have enough good lumber to build a 4 room house, for \$50.00. Now folks, you don't get a pick up like this every day. You know it, and I know it; so if you are not afflicted with the ailments mentioned above, come and see me, it will pay you.

Respt.,
Ben F. Upton,
719 E. Palestine St.

Mr. and Mrs. Morris G. Gilleb, of Perry, Okla., were visitors to Mexia Thursday.

Neighbors can see the eclipse of the moon without the aid of a telescope.

Devil's Gate dam, near Pasadena, Cal., has a twenty-foot concrete auto road on the top.

J. T. Bragg, of Corsicana, was among the visitors to the city Wednesday.

R. F. Cope, of Corsicana, was in Mexia Wednesday.

CULLUM H. BOOTH TO DELIVER COMMENCEMENT SERMON

Cullum H. Booth, pastor of the Austin Avenue Methodist church of Waco will deliver the baccalaureate address to high school seniors at the Methodist church Sunday morning at eleven o'clock. Reverend Booth is generally known as one of the ablest ministers in Texas and as a remarkable speaker. Special music for the occasion will be prepared under the direction of Mrs. Oscar Denning.

NOTICE TO PATRONS OF THE PUBLIC SCHOOLS

The Board of Education has taken charge of the Summer School for the current session, and will operate both high school and grammar school departments in accordance with regular term standards. Credit will be granted with certain restrictions for work completed in the Summer Session.

The Summer Session will begin June 9, and last for six weeks. A tuition charge of \$6.00 for the first subject and \$3.00 for each subject thereafter, payable in advance, will be made. Mr. G. W. Perkins will have charge of the grammar school department and Mr. E. H. Poteet will have charge of the high school department. Further information may be secured from them or from the superintendent of schools.

C. A. PUCKETT, Supt.

RUPTURE Expert Here

F. H. Seeley, of Chicago and Philadelphia, the noted truss expert, will personally be at the Raleigh Hotel, and will remain in Waco Sunday and Monday Only, May 25-26. Mr. Seeley says: "The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous effects immediately appreciable and withstanding any strain or position no matter the size or location. Large or difficult cases, or incision—specialties (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results with out surgery, injections, medical treatments or prescriptions. Warning—All cases should be cautioned against the use of any elastic or web truss with understraps, as same rest where the lump is and not where the opening is, producing complications necessitating surgical operations. Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. He will be glad to demonstrate without charge or fit them if desired. Business demands prevent stopping at any other place in this section.

P. S. Every statement in this notice has been verified before the Federal and State Courts.—F. H. Seeley.

Home Office 117 N. Dearborn St. Chicago.

MEXIA HIGH TO HAVE TRAINING CAMP HERE

As school ins drawing to a close the athletics minds of the institution are beginning to plan ahead for the coming year for the betterment of athletics for Black Cat teams. The latest movement which has been almost assured was made known to the lettermen of baseball and track Thursday afternoon by Coach E. H. Poteet. A football training camp will be conducted by Coach Poteet beginning about two or three weeks before the school sessions starts.

Arrangements will be made all during the summer for this camp and all particulars are in the hands of Coach Poteet and Captain Thompson at present. Committees will be appointed and arrangements will be made out in full as the summer months wear on.

BUMPS ON YOUR FACE MAKE PEOPLE SCRINGE

People who have been embarrassed repeatedly on account of disfigured skin on their face, neck, arms, and hands, caused by eczema, tetter, rash, boils, pimples, etc., are nearly always sensitive about these things to the point of feeling that everybody is watching them and talking about how bad they look.

For this reason Black and White Ointment, and Black and White Soap because people can get them from their nearest dealer without a lot of explanations, and they do quickly get rid of all those skin ruiners.

The 50c size of the Ointment contains three times as much as the 25c size. All dealers have both the Ointment and the Soap.—(Adv.)

Rough Dry

Rev. E. H. Hudson will fill the pulpit of the First Presbyterian church at Wortham Sunday morning at eleven o'clock. He will fill his own pulpit here Sunday evening at eight o'clock.

J. W. McGill, of Corsicana, was a Mexia visitor Wednesday.

Prim Prest.

PLAY AT SHILOH

A play, "The Old Fashioned Mother," a comedy drama in 3 acts, will be staged at Shiloh in school auditorium Saturday evening, May 24th. Play given under auspices of Ladies' Missionary Society of Ben Hur. Full nights performance. Admission 15c and 25c. Proceeds to be divided.

Brakes Relined By Machinery

Modern methods outclass the hammer and chisel and crude way of riveting linings to bands.

Our methods employing the tubular rivet with each head countersunk to an evenness which only precision machinery can accomplish, together with the use of Raybestos lining of the proper size, will give you results such as you never have had.

All you have to do is to take your bands off and bring them in and we furnish the rivets and put them on free of charge.

PRESIDENTIAL POSSIBILITY

SAMUEL M. RALSTON

WILL DEMPSEY BE ALLOWED TO FIGHT FOUL?

By HENRY L. FARRELL
(United Press Sports Editor)

NEW YORK, May 17.—Selection of a referee with a name and a reputation big enough to assure a strict observance of the rules and a fair break for both fighters will be one of the hardest jumps to take in the completion of arrangements for the Dempsey-Wills heavyweight championship fight.

It will be recalled that the heavyweight champion, quoting past precedent, assumes that it is his privilege to have 90 per cent of the say about the referee and it will be remembered also that the champion is very particular about the man shoved in the ring to order the breaking and to pass judgment upon the blows.

Dempsey has no fear of an adverse decision in the proposed fight, because Tex Rickard has decided upon Jersey City as the scene of the battle and decisions are not permitted in the state of New Jersey. When Dempsey was signed to meet Tom Gibbons in Shelby last summer, he demanded the right to name his own rules and appoint his own referee. He had to go to a decision in Montana and he wanted to take no chances on a cowboy referee. He also was to fight the cleverest heavyweight in the game and he wanted no rules that would be of assistance to a clever fighter. He won every point he held out for, simply because Gibbons was most eager to get him into the ring at a sacrifice of all rights or privileges.

Already, although it has not come directly from Dempsey, the warning

John R. Corley, Jr., has returned from Dallas, where he attended the state convention of Funeral Directors.

Fossil fishes millions of years old have been found in Brazil with spots on their scales and their eyeballs preserved intact.

has been sounded that the New Jersey boxing officials must exercise the utmost zeal and caution in appointing a referee who will not allow Wills to hold and hit. Wills has the name of depending almost entirely upon a body punch that is scored by getting his long left arm around an opponent's neck and pulling his rival's body into a hard right to the body or an uppercut to the jaw. Wills has been harassed greatly because of the belief that he has to foul to do his most effective fighting.

Perhaps Dempsey will say nothing. He will not be consistent if he does, because he should know that Wills and his manager can say to the New Jersey commission: "You get someone in the ring who will not allow Dempsey to hook a couple of rights to the jaw after the gong sounds and who will not let him hit while his man is down as he did against Firpo."

Wills can also ask the referee to brush up Dempsey's mind on the exact location of the lines on the anatomy below which it is foul to strike. Tom Gibbons went out of the ring at Shelby with a blue mark as big as a tin cup very low on his groin. It was the lowest and the most painful blow of a number that Dempsey landed below the belt.

Richard Barthelmess, playing in "21" now showing at the National.

Yesterday's Homers.

Ward, Yankees, 1—3.
Burns, Indians, 1—2.
Meusel, Yanks, 1—1.
Vance, Robins, 1—1.
With Babe Ruth at Bat.
First inning—Doubled to right.
Third inning—Singled to right center.
Fifth inning—Singled to right center.
Seventh inning—Grounded to second.

WATCHING THE SCOREBOARD

Bob Meusel's homer with two on and one by Erin Ward helped the Yanks beat the Indians, 6 to 3. Geo. Burns drove in all Cleveland's runs. Doubles by Haney, Heilmann and Pratt in the ninth, with a pass to Cobb

and Ezzell's fourth error, gave Detroit three runs and a 6 to 5 victory over the Red Sox.
Kelly's double in the seventh inning scored two runs and the Giants beat the Reds, 7 to 6 and went back into second place.
Vance hit a homer with one on and

helped win his own game, the Robins beating the Pirates 4 to 2.
Two runs off five hits in the seventh inning were all the Braves could get off Alderidge and the Cubs remained in first place with a 6 to 2 win.
Poor fielding let three runs over in the first inning and the Phils beat

the Cards, 4 to 1.
In a pitchers' duel between Thurston and Burns, the White Sox beat the Athletics, 3 to 2.
Behind the steady pitching of the rookie Winkard, the Browns beat the Senators, 3 to 1 and moved into a tie with the Red Sox for second place.

"THE STORE AHEAD"

SUMMARY OF PROVISIONAL BIRTH AND MORTALITY FIGURES IN U. S.

WASHINGTON, May 21.—The Department of Commerce announces that birth rates for 1923 were lower than for 1922 in 21 of the 27 states for which figures for the two years are shown in the following summary. The highest 1923 birth rate (34.8 per 1000 population) is shown for cities of Wyoming and the lowest (15.6) is for rural districts of Montana.

Death rates for 1923 were slightly higher than for 1922 in 25 of the 36 states shown for both years. Three states, Connecticut, New York, and North Carolina, have the same rates for 1923 as for 1922 and eight states, Colorado, Idaho, Montana, Nebraska, Oregon, South Carolina, Utah, and Washington, have lower rates in 1923. The highest 1923 death rate (20.3 per 1000 population), is shown for cities of Mississippi and the lowest (6.5) for the rural districts of Idaho.

Infant mortality rates for 1923 are generally higher than those for 1922, as 17 of the 27 states show higher rates in 1923. The highest 1923 infant mortality rate (117) appears for cities of South Carolina and the lowest (15) for the rural districts of Utah and the cities of Washington. Infant mortality rates are shown for both years for 45 cities of 100,000 population or more in 1920. For 25 of these cities the 1923 infant mortality rates are lower than those of the previous year. The highest 1923 rate (110) is for Richmond and the lowest (48) for Spokane.

Wood alcohol or methanol, is called "Methylated spirits" in England.

NECKLINES ARE ON THE SQUARE

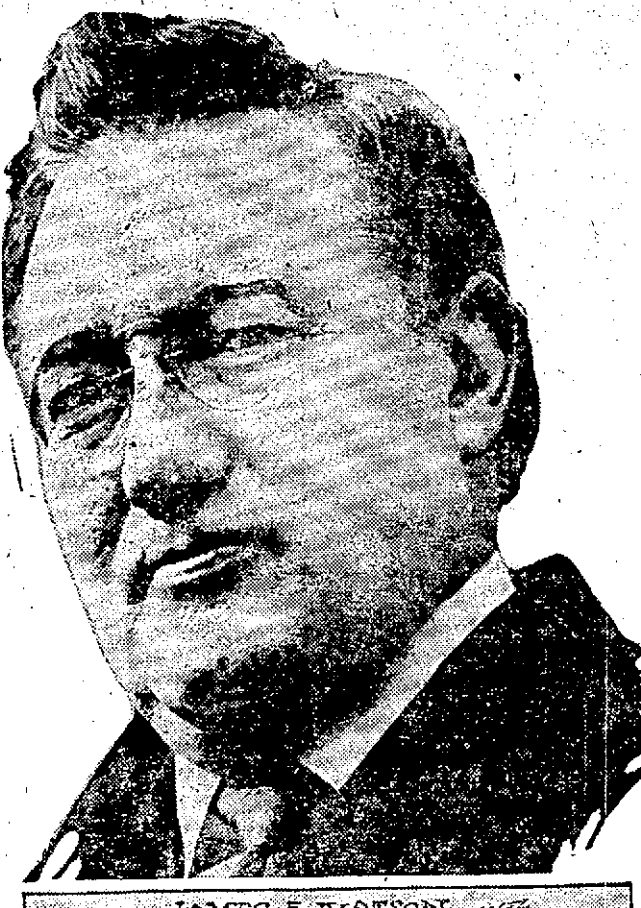

A fascinating square décolletage, as shown by this Cheney Paris sketch. Two long and narrow bands cut from the dress are tied in the middle over a pleated foundation of white crepe Chenette, which is also used for the white, turned down collar.

"CINDERELLA GIRL" TO WED BANKER-BOSS

Like a story from a fairy book, Miss Mary Kelleher, pretty daughter of a former Boston, Mass., policeman, will rise to wealth and social distinction when she becomes the bride of Albert J. Meserve, vice-president of the Brookline Trust Company, her employer for years. He is many years her senior.

PRESIDENTIAL POSSIBILITIES SERIES, NO. 19.

Dr. Wellington Koo Escapes Bomb.

DR. WELLINGTON KOO.

Dr. Wellington Koo, former Chinese Ambassador to the United States, had a narrow escape from death when a bomb, mailed to his home in Peking, exploded, seriously wounding three servants he had instructed to open the package.

The Pennsylvania hospital, in Philadelphia, the oldest in America, dating back to 1751, operates under a charter originally granted to it by George II of England.

HOME DRESSMAKING
By JEANNE ROLAND
(Copyright 1924 by Pen-Art Service, Inc.)

Girls' Kimono Dress With Yoke

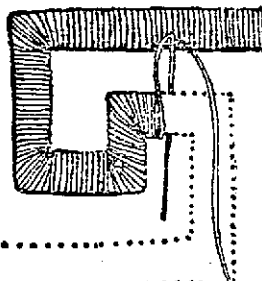

Has Many Youthful Features

Embroidery, Peter Pan collar, shoulder yoke and all of the other smart details that girls love are featured in this dress and all in such a simple and clever way that there is not a single note of exaggeration.

The materials which come to mind first on the list of suggestions for this frock are gingham and linen, because both of these fabrics are in vogue all the year round for girls and they are trimmed with embroidery as often as with any other form of decoration. Of course, there are the more expensive silks, crepes, etc., which are also suited for the making of this youthful model, but the sturdy cottons surely should be given first place if the dress is intended for general wear.

It calls for 2 1/2 yards of material 36 inches wide. The embroidery is put on in border effect and requires but little time to make. It may be done in self-color, mercerized cotton or in cotton of contrasting color. The diagram shows how the satin stitch is worked, following the stamped line. When there are curves, the stitches must be very much closer on the inner side of the curve than on the outside. If necessary use a half-stitch to keep the direction of the lines straight and the effect of the work perfect. Working from left to right, place the needle through the top of the work, inserting in every dot of the design. Bring the point of the needle out on the opposite side through a dot that corresponds to the one immediately above it. To be successful, satin stitches must not be too long. The embroidery appears on the sleeves, pockets and at the lower edge of the skirt. The upper front and back of the dress are gathered.

Embroidery in Satin Stitch.

JEANNE ROLAND (Copyright 1924 by Pen-Art Service, Inc.)

Straightline Frock With Side Closing

Effective in Two Materials

If this model is carried out in white alpaca, which is so fashionable this season, the logical trimming would be black silk. If tub fabrics are used, two tones of one color would be very smart.

Here is one of the prettiest of the season's models for girls—a straightline frock with side closing. The sleeves may be cut off above the elbows or they may be three-quarter length, and the scheme of the trimming selected for the side-closing is repeated at the lower edge of the

sleeve. For 10 or 12 year sizes, the dress calls for two and one-half yards of material, 36 inches wide, with one yard of banding for the trimming.

The diagram shows how the scallops are stitched to the facing material first, and then to the trimming band. Baste the scalloped edges to the facing, placing the basting stitched about one-half inch from the edge. Let the facing extend as far below the scalloped edge as is needed for the desired depth. Cut the facing along the scalloped edge, then turn under the edges of the scallops and the facing and baste together. The edges can be stitched at the same

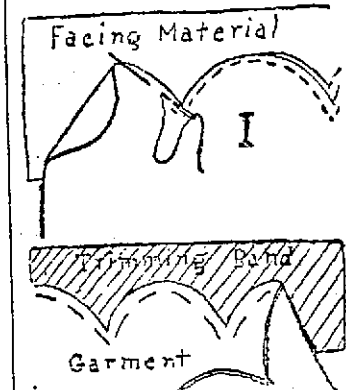

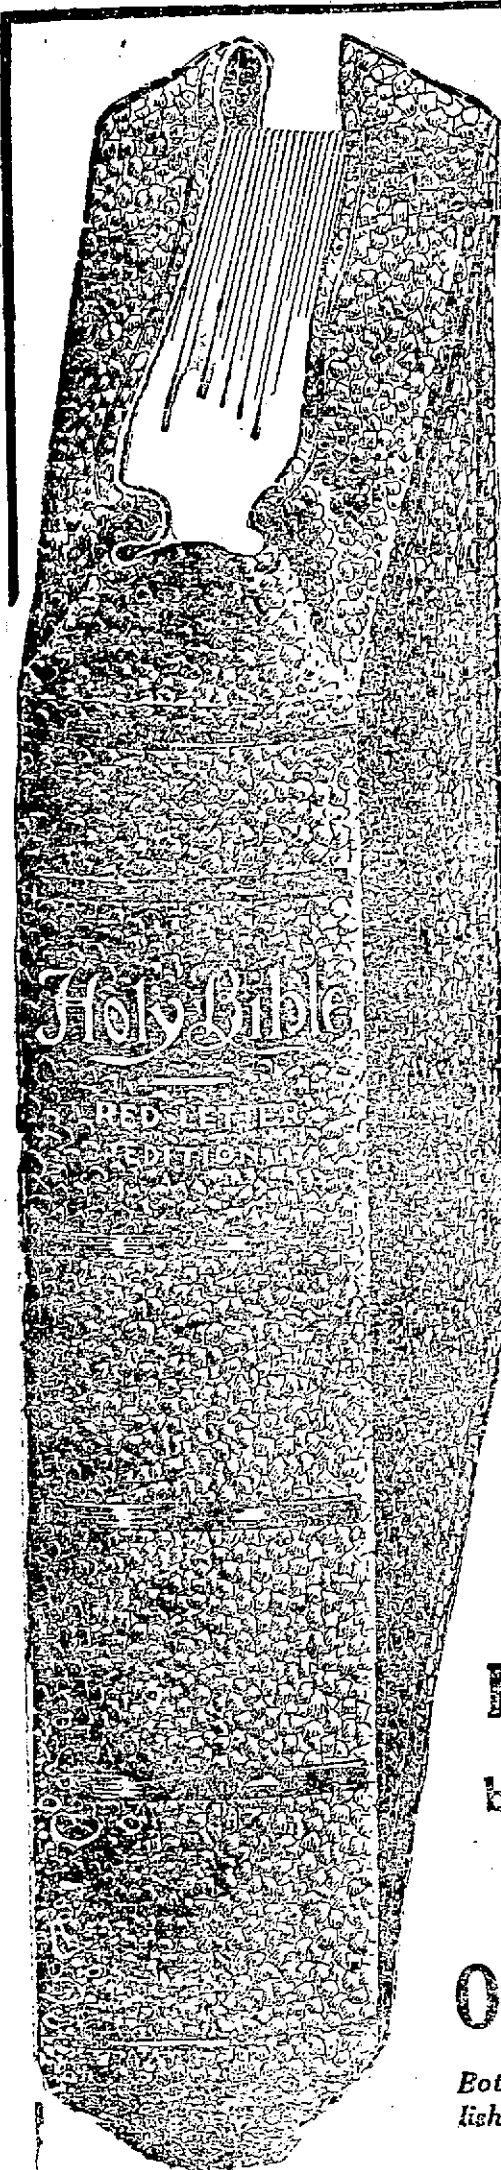

Fig. I.—Shaped facing for scallops. Fig. II.—Faced scallops basted to band.

time that the scallops are stitched to the trimming band (Fig. II). If the scallops are not desired, cut the material straight along the outer edges of the scallops. If preferred, the trimming bands at the sleeve and side may be omitted entirely.

This illustrates the beautiful big volume—Style A—which contains the following

Special Features

ALL THE WORDS AND SAYINGS OF CHRIST distinguished from the context by being printed in red.

All Passages in the Old Testament prophetic of the coming of Christ, marked with a Star.

All the difficult words made self-pronouncing by diacritical marks; made so simple a child can pronounce them.

THE MEXIA DAILY NEWS Bible Distribution

Following the most distressing period of unrest the world has ever known, comes a world-wide revival of Bible reading, which must tend to ameliorate the unrestful conditions of mankind. To encourage such an end, leading newspapers throughout this country have joined forces to promote the distribution of the great Book of Books, and have adopted a plan that should readily place the Bible in the hands of every reader. Two exclusive editions have been chosen for this purpose—first, the famous large print Red Letter Bible, illustrated herein, and a beautiful plain print, medium large type edition that will be distributed for a nominal sum.

The Question of the Universe

This Bible—this miraculous Bible—this Book of All Books—luminous with the light that dwelleth not on land or sea—this noblest and most beautiful Thing in all the world—what is it—whence cometh it—what means it?

It has made and unmade Nations. It has uprooted Kingdoms and Empires. It has diverted the mighty tides of History! It has crumpled ancient Faiths and Superstitions. Because of it fell Pagan Rome. The antique Systems of India and the Far East have bowed their heads to its enlightened sway.

China and the Orient now first awaken from their sleep of thrice a thousand years, and follow their sister nations of the Occident—whose feet are guided by one sole lamp—the sacred flame of which was kindled by the inspired Hebrew Prophets, and fed for all time by the Lord and Master of the Golden Rule.

Only ignorance scoffs at the Bible! The greatest rulers—the greatest statesmen—the greatest scholars—writers—orators—scientists—soldiers—and the untold millions of the Common People, whose collective genius outweighs them all—have thrilled to its Divine Wisdom.

Its lyrics of unfathomable tenderness—its orations of compelling potency—its contemplative prose of preternatural grandeur—have never been equalled. Its emotional depths and its intellectual heights make it the one and only Book of Books, vouchsafed for the guidance of mankind throughout the ages.

EVERY READER May Have This Bible

by taking advantage of the plan explained below and set forth in the Bible Coupon printed daily on another page of this newspaper

Only 3 Coupons

Both styles are unique and published only for this nation-wide newspaper distribution

STYLE B

Here is a volume for those who feel that they want a less elaborate style of binding. It is a strong and durable volume, limp binding, red edges, round corners, and contains all of the essential features, explanatory notes, and valuable helps.

This handy volume is offered on exactly the same plan, three coupons and only **98c**

Style A, pictured above, **\$1.98** three coupons and only

Bible Readers' Aids

FROM THE PEOPLE
GET BUSY.

Reading the editorial in the Mexia Daily News in regard to the need of a Secretary for the Chamber of Commerce and to act at once I agree with the writer.

No city the size of Mexia would think of progressing without a newspaper or a chamber of commerce. If we did we would cease to be a town

much, less a city.

But what we need in a secretary is to co-operate with our merchants in all the various lines of business and on the other hand they should all be donors—don't let Bill pay the freight." The advertising merchant is your city builder and the men that bring the crowds to our city and the man who don't advertise wants to feast at the other merchants expense.

RELIEF WAS PERMANENT
SAYS MRS. McFARLAND

"I Can Certainly Vouch For Tanlac Being a Wonderful Medicine," She Says.

People who are having health troubles may buy Tanlac on the assurance of more than 100,000 well known men and women who have publicly testified to the splendid results they have derived from its use. Furthermore, they may buy Tanlac on its record for producing not only immediate, but lasting results. For thousands of people who recovered their health one, two, three, and even seven and eight years ago by the use of Tanlac are now testifying daily that they are "still strong and well."

Offering her experience as further evidence of the wonderful health-giving and health-preserving properties of Tanlac, Mrs. S. W. McFarland, a prominent Dallas, Texas, woman, residing at 3935 Tremont St., says:

"I don't know anything better I could say for Tanlac than that I am still enjoying the splendid health it brought me several years ago. For years I had suffered from loss of appetite, rheumatism in my knee and shoulder, extreme nervousness and lack of sleep."

"Finally a druggist recommended Tanlac and when I began taking it I was in such a condition physically that I was scarcely able to be up and about. After a few weeks use of Tanlac my troubles disappeared, my weight increased 20 lbs. and I found my health and strength fully restored. I certainly can vouch for Tanlac being a wonderful medicine and tonic."

Tanlac is for sale by all good druggists. Accept no substitutes. Over 40 million bottles sold.

Tanlac Vegetable Pills for Constipation, made and recommended by the manufacturers of TANLAC.

ECZEMA!

"THIS isn't one of those fake free treatment offers you have seen so many times. We don't offer to give you something for nothing—but we do guarantee that you can try this wonderful treatment, entirely at our risk, and this guarantee is backed by your local druggist."

"HUNT'S GUARANTEED SKIN DISEASE REMEDIES" (Hunt's Salve and Soap) has been sold under absolute money back guarantee for more than thirty years. They are especially compounded for the treatment of Eczema, Itch, Ring Worm, Tetter, and other itching skin diseases.

Thousands of letters testify to their curative properties. M. Timberlin, a reputable dry goods dealer in Durant, Oklahoma, says: "I suffered with Eczema for ten years, and spent \$1,000.00 for doctors' treatments, without result. One box of Hunt's Cure entirely cured me."

Don't fail to give HUNT'S GUARANTEED SKIN DISEASE REMEDIES (Hunt's Salve and Soap) a try.

SERVICE

In The Telephone Industry

—in every city the first object of the company is service. It is only by serving well that this industry can prosper. It is only through being served well by the Telephone company that a city or community can prosper.

The service of the Telephone utility saves steps, labor, time, worry, and in every way adds to the joy of living and the comforts of home—to the profits of labor and the welfare of industry.

The achievements of management and inventive genius are reflected in the benefits of Telephone service in this city and in every part of the United States by better living conditions for all of the people.

Our Desire Is to Make This Service Complete and Satisfactory

Every part of our organization is ready and anxious to help to this end.

SOUTHWESTERN BELL TELEPHONE
COMPANY

Business men who own business property in Mexia should co-operate with the Chamber of Commerce in every way possible and help to advertise Mexia, the city where their property is located. This city, today, needs advertising to the people of Texas and there should be some systematic form worked out by the Chamber of Commerce and their board of directors. And let's get some punch behind our city.

About two years ago we were on the right track when we had a publicity committee headed by Mr. A. T. Schulz and he was doing some awful good work for our city by placing Mexia before the people.

"Happy As Can Be"

"I can work as well as ever, and am as happy as can be, for my life has been given back to me," writes J. R. Bryant who says he went to specialists who told him he had Brights Disease and they could do nothing for him.

He took eight bottles of Hobo Kidney and Bladder Remedy and is entirely satisfied. "Hobo" is a powerful vivifying balm—made from an herb that contains no alcohol, no opiates, no habit forming drugs.

For sale by all druggists. Price \$1.20 per bottle, or a full treatment of six bottles for \$6.00. This full treatment is recommended and guaranteed to give entire satisfaction or money refunded.

Style A—Red Letter Bible, over-lapping limp seal grain cover, red edges, round corners, gold lettering, large, clear print, gold set opposite the sum three coupons and only \$1.98

Style B—Black Print Bible, flush limp black seal grain cover, red edges, medium large type, strong and durable, three coupons 98c and only

Mail Orders: Send amount for Style A or Style B, with three of these coupons, and include 25 cents additional for postage and packing.

Every Reader Should Have a New Bible

The Mexia Daily News

Are You Weak, Nervous?

Houston, Texas—"I have used some of Dr. Pierce's remedies and found them perfectly satisfactory. I became run down in health and nervous spells. I took the 'Golden Medical Discovery' and the 'Favorite Prescription' and it was surprising how quickly and rapidly I improved. Just a few bottles of each put me in good health. I can recommend the 'Golden Medical Discovery' as a general tonic and the 'Favorite Prescription' for feminine troubles."—Mrs. W. H. Jackson, Route 1, Box 264, N. All dealers. Send 10c to Dr. Pierce, Buffalo, N. Y., for trial pkg. table.
